INDEPENDENT AUDITORS' REPORT

To the Board of Directors Greater Hazleton Joint Sewer Authority West Hazleton, PA 18202

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Greater Hazleton Joint Sewer Authority (the "Authority") as of and for the years ended July 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Greater Hazleton Joint Sewer Authority's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of the Greater Hazleton Joint Sewer Authority as of July 31, 2019 and 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 13 and the Defined Benefit Pension Trust Fund Schedule of Changes in Authority's Net Pension Liability and Related Ratios, the Schedule of Employer Contributions, the Schedule of Investment Returns, and the Other Post Employment Benefits (OPEB) Other Than Pensions Schedule of Changes in Authority's Net OPEB Liability and Related Ratios on pages 65 through 68, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Greater Hazleton Joint Sewer Authority's basic financial statements. The Schedules of Sewer Treatment Revenues, Schedules of Sewer Transmission Revenues, and Schedules of Operating Expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Sewer Treatment Revenues, Schedules of Sewer Transmission Revenues, and Schedules of Operating Expenses are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Sewer Treatment Revenues, Schedule of Sewer Transmission Revenues, and Schedules of Operating Expenses are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

GREATER HAZLETON JOINT SEWER AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS JULY 31, 2019 (UNAUDITED)

INTRODUCTION

The following discussion and analysis of the Greater Hazleton Joint Sewer Authority's (the "Authority") annual financial report provides an overview and analysis of their financial performance for the fiscal year ended July 31, 2019. This presentation is intended to further the readers' understanding of the financial statements that follow, and it is recommended that it be read in conjunction with the accompanying basic financial statements and notes to those statements in order to obtain a thorough understanding of the Authority's financial condition as of July 31, 2019.

Management's Discussion and Analysis is designed to focus on the current year's activities and resulting changes in the Authority's financial position and also includes currently known facts that may have a significant impact on the Authority's financial position now and in the foreseeable future.

FINANCIAL HIGHLIGHTS

At July 31, 2019 the Authority's total assets increased by \$4,651,595 from July 31, 2018. This net increase was the result of several changes, including an increase in cash and cash equivalents of \$909,252, increase in capital assets (net of accumulated depreciation) of \$6,442,104, which were offset by a decrease in restricted cash and cash equivalents of \$1,617,762.

Total liabilities decreased \$2,070,465, which was primarily caused by an decrease in current portion of long term debt and long-term debt, net of current portion of \$1,558,133, a decrease in restricted accounts payable capital assets of \$184,075, a decrease of net pension liability of \$304,702, and an increase of \$249,968 in OPEB liability.

Total net position of \$43,733,508 was \$6,681,835 higher than the prior year, reflecting the net effect of the Authority's profitable operations needed to fund ongoing capital projects. Net investment in capital assets increased by \$8,169,410, due to the Authority's acquisition and construction of capital assets and payment of the related debt. Consistent with the Authority's issuance of its Series 2012 and Series 2018 Sewer Revenue Bonds, a portion of the Authority's total net position at July 31, 2019, \$1,799,801, was restricted for bond covenants. Unrestricted net position increased by \$270,187, the net effect of all of the changes as previously noted.

The Authority's total operating revenues increased \$1,210,003 from the previous year, primarily due to an increase in hauled waste revenue and an increase in the sewage treatment and transmission rates.

Total operating expenses of \$9,611,683 decreased by \$49,812 from the prior year. The most significant decrease was in administrative expense.

Interest income increased by \$57,392, as a result of higher rates of return. The Authority had realized gains on the sale of investments of \$8,981 for 2019 as compared to (\$15,505) of realized losses on the sale of investments for 2018. Interest expense decreased by \$200,807. It should be noted that interest expense on the Authority's Sewer Revenue Bonds and a PennVest loan are being capitalized during construction of the related capital assets financed with the debt proceeds. These overall changes resulted in a net non-operating revenues (expenses) of (\$577,273) for 2019 as compared to (\$870,901) for 2018.

The Authority also received \$2,942,867 in the form of a capital contribution for 2019.

Overall, the Authority experienced an increase in net position of \$6,681,835 for the fiscal year ended July 31, 2019 as compared to a net increase of \$2,696,445 in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Authority's primary mission is to provide wastewater treatment service to the Greater Hazleton Area.

The Authority does not provide other general government types of services or programs. The Authority's operations, capital expenditures and debt payments are funded almost entirely through rates, fees and other charges for these wastewater treatment services. As such, the Authority is considered to be, and therefore presents its financial report as, a stand-alone enterprise fund.

The Authority's financial statements consist of three parts: Management's Discussion and Analysis (MD&A), the basic financial statements and the related notes to the financial statements, and supplementary (both required and other) information. The MD&A serves as an introduction to the basic financial statements and provides analysis and overview of the Authority's financial activities.

As a stand-alone proprietary fund, the Authority's basic financial statements consist of Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position and Statements of Cash Flows. In addition, the basic financial statements also include Statements of Fiduciary Net Position and Statements of Changes in Fiduciary Net Position, both for the Authority's Pension Trust Fund. These statements, together with the Management's Discussion and Analysis, provide both short-term and long-term financial information and implications for the Authority's financial position. Presentation of comparative schedules further enhances the reader's ability to gauge the Authority's fiscal strength and provides useful trend information. To further illuminate the information contained in these statements, Notes to Financial Statements and certain supplementary

Information appear immediately following the basic financial statements. In addition to this discussion and analysis, other required supplementary information is presented.

The Statements of Net Position, similar to a balance sheet, presents the Authority's basic financial position through disclosure of information about the Authority's assets and liabilities. Net position represents the difference between total assets and total liabilities.

The Statements of Revenues, Expenses and Changes in Net Position, similar to private sector statements, provides information regarding the Authority's total economic resource inflow and outflow (accrual method of accounting). The difference between these inflows and outflows represent the changes in net position, which links these statements to the Statements of Net Position.

The Statements of Cash Flows deals specifically with the flow of cash and cash equivalents arising from operating, capital and financing activities, non-capital activities, and investing activities. Because the Authority's Statements of Revenues, Expenses and Changes in Net Position are a measurement of the flow of total economic resources, operating income usually differs from net cash flow from operations. To enhance the reader's understanding of this difference, the Statements of Cash Flows also includes reconciliations between these two amounts. In accordance with accounting principles generally accepted in the United States of America, a reconciliation of cash and cash equivalents is also presented in these statements.

The Statements of Fiduciary Net Position – Pension Trust Fund, also similar to a balance sheet, presents the basic financial position of the Authority's Pension Trust Fund. Net position held in trust for pension benefits represents the difference between total fiduciary assets and total fiduciary liabilities.

The Statements of Changes in Fiduciary Net Position – Pension Trust Fund, also similar to private sector statements, provides information regarding the Authority's total economic resource inflow and outflow (accrual method of accounting) for its Pension Trust Fund. The difference between these inflows and outflows represent the changes in fiduciary net position, which links these statements to the Statements of Fiduciary Net Position.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes can be found immediately after the financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents important required supplementary information and other non-required supplementary information that provides further detail regarding the financial statements. These statements and schedules can be found immediately following the notes to the financial statements.

Major Features of the Greater Hazleton Joint Sewer Authority's Financial Statements

	Proprietary Funds	Fiduciary Funds

DEFERRED INFLOWS OF RESOURCES Deferred Amounts Related to Pensions	_	131,900	83,894	_	48,006
NET POS	ITION		Ingrance		
Net Investment in Capital Assets Restricted for Capital Projects Restricted for Bond Covenants Unrestricted	\$	2019 35,185,940 181,004 1,799,801 6,566,763	Increase (<u>Decrease</u>) \$ 8,169,410 - (1,757,762) 270,187	\$	2018 27,016,530 181,004 3,557,563 6,296,576
TOTAL NET POSITION	\$	43,733,508	\$ 6,681,835	<u>\$</u>	37,051,673

At July 31, 2019 the Authority has classified certain assets as restricted with such restrictions commensurate with the related restrictions imposed by the Trust Indenture securing the Sewer Revenue Bonds, Series of 2012A, 2012B, and 2018. The largest restricted assets were cash and cash equivalents and investments including the Series of 2018 Construction Fund, which represented the unspent portion of the Bonds. Similar funds established under the terms of the Trust Indenture, for the safety and security of the bondholders, were also classified as restricted, as was the accrued interest receivable on the investments in such funds.

During the fiscal year ended July 31, 2019 the Authority placed into service assets with a value of \$3,556,174 and continued construction of several capital construction projects. In addition, construction in progress had net increases of \$4,816,270 as a result of ongoing projects pending completion. The most significant of these were the incinerator installation, ash handling system, and sludge dewatering projects. In the current year the acquisitions were funded by the unspent proceeds of its Sewer Revenue Bonds, a new PennVest loan, and the H2O Grant money.

Total liabilities decreased by \$2,070,465 from 2018 to 2019, due to decrease in current portion of long term debt and long-term debt, net of current portion of \$1,558,133, a decrease in restricted accounts payable capital assets of \$184,075, a decrease of net pension liability of \$304,702, and an increase of \$249,968 in OPEB liability.

Revenues

The Authority is not empowered to levy or collect taxes, nor does the Authority receive funding from the taxing authorities within its service area. The Authority's operations and debt service, as well as certain capital asset acquisitions and construction, are funded almost entirely from fees charged to its customers for wastewater treatment and transmission services. However, it should be noted that some debt is issued for the purpose of capital asset acquisition and construction. As such, the Authority's revenue stream is impacted by fluctuations in demand for its services and other economic factors.

Operating Revenue

Total sewage treatment and transmission revenue increased by \$1,210,003 from 2018 to 2019 due to an increase in the sewer treatment rate and an increase in outside waste haulers revenue by \$663,924 from 2018 to 2019.

A summary of the Authority's sewer treatment revenues is as follows:

	Increase				
SEWER TREATMENT REVENUES		<u>2019</u>	(Decrease)		<u>2018</u>
Residential	\$	6,397,558	473,491	\$	5,924,067
Non-residential		1,001,366	61,955		939,411
Industrial		1,084,697	(18,578)		1,103,275
Independent Outside Haulers		2,590,342	663,924		1,926,418
Schools		236,947	(38,955)		275,902
Surcharge		336,543	69,654		266,889
Penalties	_	167,379	(1,488)	_	168,867
TOTAL SEWER TREATMENT REVENUES	\$	11,814,832	\$ 1,210,003	\$	10,604,829

A summary of the Authority's sewer transmission revenues is as follows:

SEWER TRANSMISSION REVENUES	2019	Increase (Decrease)	2018
Residential Non-residential Industrial Schools	\$ 1,580,530 265,366 188,490 36,771	92,594 14,579 3,484 (6,098)	\$ 1,487,936 250,787 185,006 42,869
TOTAL SEWER TRANSMISSION REVENUES	\$ 2,071,157	\$ 104,559	\$ 1,966,598

Non-Operating Revenues (Expense)

From 2018 to 2019, interest income increased by \$57,392 as a result of greater rates of return. Furthermore, realized gains on the sale of investments were \$8,981 for 2019 as compared to a loss of (\$15,505) for 2018, reflecting the market values for the investments sold. Interest expense decreased from \$927,446 in 2018 to \$726,639 in 2019. It should be noted that interest expense on the Authority's Series of 2012A, 2012B, and 2018 Bonds and a PennVest loan are being capitalized during construction of the related capital assets financed with the debt proceeds. These overall changes resulted in net non-operating revenues (expenses) of (\$577,273) for 2019 as compared to net non-operating revenues (expenses) of (\$870,901) for 2018.

A summary of the changes in the Authority's non-operating revenues and expenses are as follows:

				Net		
NONOPERATING REVENUES AND EXPENSES		<u>2019</u>	<u>(</u>	<u>Change</u>		2018
Interest Income	\$	140,385	\$	57,392	\$	82,993
Realized Gains (Losses) - Sale		0.004		04.400		(45.505)
of Investments		8,981		24,486		(15,505)
Loss from Sale of Capital Assets		-		4,122		(4,122)
Net Increase (Decrease) in Fair Value of Investments		=		6,821		(6,821)
Interest Expense	_	(726,639)	_	200,807	_	(927,446)
TOTAL NONOPERATING REVENUES AND						(070.004)
EXPENSES	<u>\$</u>	(577,273)	\$	293,628	\$	(870,901)

Expenses

Operating Expenses

Total 2019 operating expenses of \$9,611,683 decreased by \$49,812 from the prior year.

During 2019, collection system expenses decreased by \$71,289 as a result of decreased salaries and wages, insurance, and equipment maintenance costs. Plant expense increased by \$368,851 as a result of increased cost of biosolids removal and disposal, repairs and maintenance, and chemicals.

During 2019 total administrative expenses decreased by \$292,345 with decreases in pension expense, the cost of issuance of the Series of 2018 Bond, and engineering fees. The Authority's estimate of the allowance for doubtful accounts is based on historical collection rates, the aging of the accounts receivable, and an analysis of individual accounts. Based on these factors there was no change in the allowance account of \$365,000 for the year ended July 31, 2019.

A summary of the changes in the Authority's operating expenses is as follows:

OPERATING EXPENSES	2019	Increase (Decrease)	2018
Plant Depreciation Pumping Stations Collection System Administrative	\$ 4,787,842 1,930,367 491,715 843,688 1,558,071	\$ 368,851 (41,074) (13,955) (71,289) (292,345)	\$ 4,418,991 1,971,441 505,670 914,977 1,850,416
TOTAL OPERATING EXPENSES	\$ 9,611,683	\$ (49,812)	\$ 9,661,495

Increase in Net Position

During 2019 the Authority's total operating revenues exceeded total operating expenses by \$4,316,241. After considering the non-operating revenues (expense) and the capital contribution, the Authority experienced a net increase in net position of \$6,681,835. It should be noted that although the capital contribution is included in the increase in net position, such funds are restricted to capital expenditures as more fully detailed in the related grant agreements.

Acquisition and Construction of Capital Assets

Major capital assets placed into service during fiscal year ended July 31, 2019 include the following:

July 31, 2019	
Sewer Treatment Plant Button Bock CSO	3,523,817
Office Equipment Replacement Server	10,600
Equipment Air Compressor Portable Trash Pump Hydraulic Lift Road Restoration Equipment	5,816 3,188 4,895 7,858 21,757
TOTAL CAPITAL ASSETS BEING DEPRECIATED	\$ 3,556,174

In addition to assets placed in service, construction in progress had a net increase of \$3,073,395. A summary of the changes in construction in progress is as follows:

	\$ 21,009,158	Balance 7/31/2018
	8,340,087	Additions
	(3,523,817)	Placed into Service
•	\$ 25,825,428	Balance 7/31/2019
•		

Debt Administration

At July 31, 2019 the Authority had \$40,601,160 in notes and bonds outstanding, versus \$42,159,293 in notes and bonds outstanding at July 31, 2018.

More detailed information about the Authority's outstanding debt is presented in the notes to the financial statements.

Economic Factors

Although the Authority is not required to have legally adopted budgets, the Authority prepares a budget for use as a management control device during the fiscal year. The Authority's management and Board of Directors considered many factors when preparing the July 31, 2020 budget and the fees that will be charged for supplying wastewater treatment services to its customers. Among the factors considered were the following:

- > Operating revenues from customer accounts are expected to remain relatively unchanged.
- > Anticipated salary and wage increases of 3.0%, for Maintenance CBA employees.
- > Expenditures related to the ongoing construction and completion of projects currently classified as Construction in Progress.
- > Adjustments to various chemical expense line items that correspond to the history of usage in the new treatment process over the previous year and changes to the chemical cost from the prior year.
- > A projected increase in repairs and maintenance expenses to increase inventory of spare parts for some of the new equipment installed during the WWTP upgrade and to repair newer equipment that has been in service since the 2008 WWTP upgrade was completed.
- ➤ Undertaking ACT-537 and Long-Term Control Planning to reduce inflow/infiltration to the WWTP and Combine Sewer Overflow (CSO) discharges in the collection system through future capital projects.
- > Anticipated increases/decreases to budget line items due to the start-up of a fluidized bed incinerator and ancillary air quality equipment.

CONTACTING GREATER HAZLETON JOINT SEWER AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, and creditors with a general overview of the Greater Hazleton Joint Sewer Authority and to demonstrate the Authority's accountability for the money it receives. Questions regarding this report or requests for additional financial information should be directed to Christopher Carsia, Director of Operations or Gregory Olander, Director of Administration at P.O. Box 651, Hazleton, PA 18201-0651.

1. <u>NATURE OF OPERATIONS, ORGANIZATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

A. Reporting Entity

The Greater Hazleton Joint Sewer Authority (the "Authority") is a municipal authority incorporated under the Pennsylvania Municipality Authorities Act of 1945, approved May 2, 1945 P.L. 382, as amended and supplemented. The Authority is a separate governmental unit granted independent authority by the Commonwealth of Pennsylvania to allow the Authority's Board of Directors to set rates, fees and charges without oversight, supervision, or direction from any other state or local entity or agency.

The Authority collects and treats residential, commercial, and industrial sewage originating in the municipalities of Hazleton City, Hazle Township, West Hazleton Borough, and a small portion of Sugarloaf Township, and the Authority also accepts hauled waste from outside independent contractors. The Authority operates under the direction of a nine member Board of Directors representing Hazleton City (six members), Hazle Township (one member), and West Hazleton Borough (two members).

The Governmental Accounting Standards Board (GASB) established the criteria for determining the activities, organizations, and functions of government to be included in the financial statements of the reporting entity. The Authority reports related organizations under the guidance of Statement No. 14 of the Governmental Accounting Standards Board. Statement No. 14 defines the primary government, and establishes the criteria for which potential component units are included in the reporting entity. The criteria used in determining whether such organizations should be included in the Authority's financial reporting entity are financial accountability and the nature and significance of the relationship. In determining financial accountability in a given case, the Authority reviews the applicability of the following criteria.

The Authority is financially accountable for:

- 1. Organizations that make up the legal Authority entity.
- 2. Legally separate organizations of Authority officials appoint a voting majority of the organization's governing body and the Authority is able to impose its will on the organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.
- a. <u>Impose its Will</u> If the Authority can significantly influence programs, projects, or activities of, or the level of services performed or provided by, the organization.
- b. <u>Financial Benefit or Burden</u> Exists if the Authority (1) is entitled to the organization's resources or (2) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide support to, the organization or (3) is obligated in some manner for the debt of the organization.

c. Organizations that are Fiscally Dependent on the Authority – Fiscal dependency is established if the organization is unable to adopt its budget, levy taxes, or set rates or charges, or issue bonded debt without approval by the Authority.

The Authority is not a component unit for financial statements purposes. The Authority has determined that it has no potential component unit which should be evaluated.

B. Basis of Presentation

The accounting policies of the Greater Hazleton Joint Sewer Authority conform to generally accepted accounting principles for local government units. The Governmental Accounting Standards Board (GASB) is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles.

The Authority does not provide other general government types of services or programs. The Authority's operations, capital expenditures and debt payments are funded almost entirely through rates, fees and other charges for these services. As such, the Authority is considered to be, and therefore presents its financial report as, a stand-alone enterprise fund. Accordingly, there are no government-wide financial statements that are typically presented when an entity is to provide other general governmental types of services or programs.

The Authority's financial statements consist of three parts: Management's Discussion and Analysis (MD&A), the basic financial statements and the related notes to the financial statements, and supplementary information. The MD&A serves as an introduction to the basic financial statements and provides analysis and overview of the Authority's financial activities.

As a stand-alone enterprise fund, the Authority's basic financial statements consist of Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, and Statements of Cash Flows. These statements, together with the Management's Discussion and Analysis, provides both short-term and long-term financial information and implications for the Authority's financial position.

C. Fund Accounting

The Authority is operated as a proprietary fund. Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as another financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than an expense.

Trust and Agency Fund – Pension – the plan's financial statements are prepared using the accrual basis of accounting. Employer contributions to the plan are recognized when due in accordance with Act 205, as amended. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

D. Measurement Focus

The proprietary fund type is accounted for on a cost of service measurement focus. All assets and liabilities (current and non-current) associated with the activity of the fund are included on its balance sheet. The proprietary fund operating statements present increases and decreases in total net position.

E. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The Authority utilizes the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recognized in the accounting period in which the liability is incurred.

F. Receivables

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessments of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade accounts receivable. At July 31, 2019 and 2018, the balance of the allowance account was \$ 365,000.

G. Capital Assets

Capital assets are stated at cost. Significant additions, renewals, or betterments which extend the useful life of the assets are capitalized. Expenditures for normal maintenance and repairs are charged to operating expenses. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Sewer Treatment Plant, Pumps, and Transmission Mains	20 to 50 Years
Storage Buildings	20 Years
Vehicles	5 Years
Equipment	8 to 20 Years
Office Equipment	3 to 5 Years

The Authority reviews the carrying value of capital assets for impairment whenever events or changes in circumstances indicate that the carrying value of such capital assets may be impaired.

H. Budget and Budgetary Accounting

Since the Authority operates under the Pennsylvania Municipality Authorities Act it is not required to legally adopt budgets. However, the Authority employs an operating budget for use as a management control device and to comply with the requirements of the trust indentures securing its Sewer Revenue Bonds.

I. Interest Capitalized

The Authority follows the policy of capitalizing interest as a component of the cost of property and equipment constructed for its own use. For the years ended July 31, 2019 and 2018, the Authority capitalized interest in the amount of \$505,192 and \$316,111, respectively.

J. Cash Equivalents

The Authority considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

K. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant estimates affecting the financial statements were:

Management's estimate of the useful lives of the capital assets is based on historical useful lives of similar assets as well as an analysis of individual assets.

Management's estimate of the allowance for doubtful accounts is based on historical collection rates, the aging of the accounts, and an analysis of individual accounts.

Management's estimate of the net pension liability and related expenses is based upon estimates and assumptions about the probability of events far into the future, including future employment, employee mortality, and investment income and the related discount rate.

Management's estimate of the other postemployment benefit liability is based upon estimates and assumptions about the probability of events far into the future, including future employment, employee mortality, and investment income and the related discount rate.

L. Net Position

Net investment in capital assets consists of capital assets, net of accumulated depreciation and 1) reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets and 2) increased by the unspent portion of the proceeds of the related bonds, mortgages, notes or other borrowings.

Restricted for capital assets consists of net position restricted for the acquisition and construction of capital assets other than those classified as "restricted for bond covenants".

Restricted for bond covenants consist of net position restricted by the terms of the Authority's bonded debt.

Unrestricted net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets".

M. Operating Revenues and Expenses

Proprietary fund operating revenues result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations which is the collection and treatment of residential, commercial, and industrial sewage. The Authority also recognizes as operating revenue other miscellaneous cash receipts not arising from investing or financing activities. Operating expenses for the Authority include the cost of collecting, pumping, and treating sewage, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting these definitions are classified as nonoperating revenues and expenses. Nonoperating revenues result from nonexchange transactions or ancillary activities.

N. Unbilled Revenues

The Authority provides continuous service to its customers and renders billings on cycle dates on a quarterly basis. As a result, revenues earned for service provided, but not billed, are accrued on a pro-rata basis at the end of the fiscal year.

O. Long-Term Obligations

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable unamortized bond premium and discount. Unamortized bond issuance costs are reported as an asset in the statements of net position.

P. Advertising

The Authority expenses all advertising costs as they are incurred. Total advertising costs for the years ended July 31, 2019 and 2018 were \$4,427 and \$7,294, respectively.

Q. Use of Restricted/Unrestricted Net Position

When an expense is incurred for which both restricted and unrestricted resources are available, the Authority's policy is to apply restricted resources first.

R. Subsequent Events

The Authority has evaluated events subsequent to the balance sheet date of July 31, 2019, through November 19, 2019 which is the date these financial statements were available to be issued.

2. CONCENTRATIONS

Credit Risk – Accounts Receivable:

As noted previously, the Authority collects fees from residents of various municipalities. Accounts receivable related to these fees are uncollateralized although the Authority can have liens applied against the property of residents who are delinquent in paying the fees.

3. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash and Cash Equivalents

A summary of cash and cash equivalents is as follows:

	7/31/2019 12/31/2018 Proprietary Pension		7/31/2018 Proprietary			2/31/2017 Pension		
		<u>Fund</u>		Trust		<u>Fund</u>		Trust
Operating Checking Accounts Pennsylvania Treasury's INVEST	\$	1,082,202	\$	-	\$	2,329,979	\$	-
Program for Local Governments		3,653,153		_		2,414,184		-
Money Market Accounts		4,930,119 500		139,906		5,629,821 500		72,114

TOTAL CASH AND CASH EQUIVALENTS	\$	9,665,974	\$	139,906	\$	10,374,484	\$	72,114

These amounts have been reported in the financial statements as follows:

	7/31/2019 Proprietary <u>Fund</u>		12/31/2018 Pension <u>Trust</u>		7/31/2018 Proprietary <u>Fund</u>		12/31/2017 Pension <u>Trust</u>	
Current Assets: Cash and Cash Equivalents Restricted Assets:	\$	7,866,173	\$	139,906	\$	6,956,921	\$	72,114
Cash and Cash Equivalents		1,799,801	-		-	3,417,563	-	
TOTAL	\$	9,665,974	\$	139,906	\$	10,374,484	\$	72,114

Custodial Credit Risk - Bank Deposits - July 31, 2019

Custodial credit risk is the risk that in the event of a bank failure, the Authority's bank deposits may not be returned to it. The Authority does not have a formal deposit policy for custodial credit risk. As of July 31, 2019, \$9,520,699 of the Authority's proprietary fund bank balance of \$9,770,699 was exposed to custodial credit risk as follows:

Uninsured and collateral held by the pledging bank's trust department not in the Authority's name in accordance with Pennsylvania Act 72 of 1971

\$ 9,520,699

Custodial Credit Risk - Bank Deposits - July 31, 2018

Custodial credit risk is the risk that in the event of a bank failure, the Authority's bank deposits may not be returned to it. The Authority does not have a formal deposit policy for custodial credit risk. As of July 31, 2018, \$10,267,891 of the Authority's proprietary fund bank balance of \$10,533,598 was exposed to custodial credit risk as follows:

Uninsured and collateral held by the pledging bank's trust department not in the Authority's name in accordance with Pennsylvania Act 72 of 1971

\$ 10,267,891

Restricted Assets – Trustee Accounts – Sewer Revenue Bonds

Certain proceeds of the Authority's Sewer Revenue Bonds, and certain resources set aside for their repayment, are classified as Restricted Assets on the Statement of Net Position because they are maintained in separate bank accounts by a trustee, and their use is limited by applicable bond covenants. The "Clearing Fund" account is used to report resources set aside to pay or reimburse the Authority for certain administrative and operating expenses. The "Construction Fund" account is used to report resources set aside to pay costs of acquisition or construction relating to capital projects financed by the bonds. The "Debt Service Fund" account is used to report resources set aside to pay scheduled interest and principal due on the bonds. The "Debt Service Reserve Fund" account is used to report resources set aside to make up potential future deficiencies in the "Debt Service Fund" account. The "Bond Redemption and Improvement Fund" account is used to report resources set aside to meet unexpected contingencies or to pay extraordinary repairs and completion of project costs.

Pennsylvania Treasury's INVEST Program for Local Governments:

The Authority has an account with the Pennsylvania Treasury's INVEST Program for Local Governments ("INVEST"), an external investment pool. Although not registered with the Securities and Exchange Commission, the program permits the Pennsylvania State Treasurer to service as an investment manager and invest the funds of the Authority with the objective of safety of principal, liquidity, and high yield consistent with sound investment strategy. The Authority is permitted to purchase and redeem shares at \$1.00 per share; they in turn are pooled with other local government shares to acquire and sell certain investment securities. Dividends are paid monthly.

Since INVEST is not a bank, the related deposits are not insured by FDIC and are not collateralized on an individual or pooled basis under PA Act 72 or 1971.

The Fund is subject to an annual audit. A copy of the audit and more information concerning the program can be obtained from:

Treasury Department Commonwealth of Pennsylvania Invest Program Room 123 Finance Building Harrisburg, PA 17120 (866) 300-4603

Investments

To the extent available, investments are recorded at fair value based on quoted market prices in active markets at the date of valuation. Additional information regarding the fair value measurement of investments is disclosed in Note 4. Because of the inherent uncertainty in the use of estimates, values that are based on estimates may differ from the values that would have been used had a ready market existed for the investments. The net increase (decrease) in the fair value of investments is recognized as a component of investment income.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments. During the years ended July 31, 2019 and 2018, the Authority's proprietary fund realized a net gain/(loss) of \$8,981 and (\$15,505), respectively, from the sale of investments. The calculation of realized gains and losses is independent of the net appreciation or depreciation in the fair value of investments held at year-end. Realized gains and losses on investments that have been held in more than one fiscal year and sold in the current year includes the net appreciation (depreciation) of these investments reported in the prior year. The proprietary fund net unrealized appreciation (depreciation) in the fair value of investments during the years ended July 31, 2019 and 2018 \$-0- and \$190,353, respectfully.

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including U.S. Treasury bills, other short-term U.S. and Pennsylvania government obligations and insured or collateralized time deposits and certificates of deposit. The statutes do not prescribe regulations related to demand deposits; however, they do allow the pooling of governmental funds for investment purposes. In addition to the investments authorized for governmental funds, Fiduciary Fund investments may also be made in corporate stocks and bonds, real estate and other investments consistent with sound business practices.

The deposits and investments of the Pension Trust Fund are administered by trustees and are held separately from those of other Authority funds. The investments are captioned as "Investments" in the Statement of Fiduciary Net Position – Pension Trust Fund.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or deposit. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. As of July 31, 2019 the Authority's investment balances exposed to interest rate risk was as follows:

Investment Maturities (in Years)

Investment Type	Market Value	Less Than 1	1 - 5	6 - 10	More Than 10
Pension Trust Fund:					
U.S. Government Securities	119,398	32,774	51,603	35,021	=
Corporate Bonds	92,952	14,926	73,222	4,804	-
Total	212,350	47,700	124,825	39,825	

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt investment is measured by Nationally Recognized Statistical Rating Agencies (NRSRA) such as Moody's Investors Services (Moody's). The Authority does not have a formal investment policy that addresses credit risk.

A summary of the credit risk of the fixed income investments (other than US Government and US government guaranteed) are as follows:

Pension Trust Fund - December 31, 2018

Rating		<u>Amount</u>
Moody's AAA	\$	11,802
Moody's AA1		4,941
Moody's AA2		4,014
Moody's AA3		4,968
Moody's A1		35,332
Moody's A2		24,769
Moody's A3		14,965
Investments Exempt from Rating	· ·	1,596,377
Total Pension Trust Fund Investments	\$	1,697,168

Custodial Credit Risk of Investments

Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, that Authority will not be able to recover that value of investment or collateral securities that are in the possession of an outside party. The Authority does not have a formal investment policy that addresses custodial credit risk. However, the Authority held no investments that were exposed to custodial credit risk at July 31, 2019.

Investments in external investment pools or in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. Securities underlying reverse repurchase agreements are not exposed to custodial credit risk because they are held by the buyer-lender. The term securities as used in this paragraph includes securities underlying repurchase agreements and investment securities.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the magnitude of an investment in a single issuer. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. The Authority does not have a formal investment policy that addresses concentration of credit risk.

The following table summarizes the percentage of each investment type held by the Authority:

Pension Trust Fund - December 31, 2018						
3 		Amount	% of Total			
U.S. Government Securities: U.S. Treasury Notes	\$	111,558	6.57%			
FNMA FHLMC	_	2,990 4,850	0.18% <u>0.29%</u>

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Authority does not have a formal investment policy that addresses foreign currency risk, however, the Authority held no investments that were exposed to foreign currency risk as of July 31, 2019.

4. FAIR VALUE MEASUREMENTS

To the extent available, the Authority's investments are recorded at fair value at July 31, 2019. GASB Statement No. 72, Fair Value Measurement and Application, defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest, and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

Level 1- Investments whose values are based on quoted prices (unadjusted for identical assets in active markets that a government can access at the measurement date.

Level 2-Investments with inputs-other than quoted prices included in Level 1-that are observable for an asset, either directly or indirectly.

Level 3-Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment.

The following table summarizes the Authority's investments within the fair value hierarchy as of July 31, 2019:

Pension Trust Fund - December 31, 2018

9. CONSTRUCTION NOTE - SERIES OF 2018

On March 1, 2018 the Authority issued its Construction Note – Series of 2018 (the "Construction Note") in the principal amount of \$2,000,000 to First National Bank of Pennsylvania. The purpose of the Note is to provide interim financing for certain capital additions more commonly known as the "2018 Project". Permanent financing for the Project is expected, in part, from a \$2,425,000 loan from the Pennsylvania Infrastructure Investment Authority (PennVest), a \$8,986,000 grant from PennVest, and a \$2,895,000 bank loan. Interest on the outstanding balance is payable at a floating rate equal to the one month London Interbank Offering Rate (LIBOR) as displayed from time to time in the Bloomberg Financial Market System, plus 135 basis points, adjusted monthly with a maximum rate of 3.90% per annum. All unpaid principal and interest is due and payable on May 1, 2021. The note is secured by a covenant under agreement to repay outstanding amounts from all receipts and moneys derived from and in connection with the loan from PennVest. The interest rate at July 31, 2019 was 3.73%. The balance of the note at July 31, 2019 was \$2,895,000.

10.LONG TERM DEBT

A. Sewer Revenue Bonds, Series of 2012A

On May 15, 2012 the Authority issues its sewer revenue bonds, series of 2012A (the "2012A Bonds"), in the principal amount of \$9,400,000. The net proceeds of these bonds were used to current refund the Authority's Sewer Revenue Bonds, Series of 2007.

The sources and uses of the funds relating to the issuance of the bonds, exclusive of accrued interest, were as follows:

Source of Funds: Par Amount of Series 2012A Bonds Reoffering Premium Total Proceeds Interest Earnings Net Residual Balances - Series of 2008 Restricted Funds	\$ 9,400,000 169,724 9,569,724 647 184,910
TOTAL SOURCES OF FUNDS	\$ 9,755,281
Uses of Funds: Current Refund Series 2007 Bonds: Principal Interest Due May 15, 2012 Total Series of 2007 Bonds Series of 2012A Bonds: Gross Bond Insurance Premium	\$ 9,190,000 369,820 9,559,820 72,769
Underwriter's Discount Costs of Issuance	 65,800 56,892
TOTAL USES OF FUNDS	\$ 9,755,281

The bonds were issued as fully registered bonds in denominations of \$5,000 and multiple intervals thereof. The 2012A bonds were dated May 15, 2012 and accrue interest from that date thereof until maturity or, if redeemable and called for redemption, until the redemption date.

The bonds were issued by the Authority on a parity basis pursuant to and secured by a pledge of, lien upon, and security interest created from the Authority, as debtor, under the bond indenture to the bond trustee, as secured party, in and to all receipts and revenues from the sewage disposal system, as such phrase is defined and applied under the bond indenture. In addition, the bonds are secured by moneys held in the funds created under the indenture, including the debt service reserve fund.

Also noted previously, the Sewer Revenue Bonds, Series of 2012A, with an average interest rate of 3.491977%, were issued to current refund the Authority's Sewer Revenue Bonds, Series of 2007, with an average interest rate of 4.1061535%. Although no gain or loss resulted from the current refunding the Authority reduced its aggregate debt service payments by almost \$456,288 over the next 20 years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$444,386.

Redemption Provisions

The 2012A Bonds are subject to optional and mandatory redemption as follows:

Optional Redemption:

The 2012A Bonds maturing on and after May 15, 2021, are subject to redemption prior to maturity at the option of the Authority, in whole or, from time to time, in part and, if in part of such maturity or maturities, as selected by the Authority for redemption, in Authorized Denominations, on May 15, 2020, or on any date thereafter. In the event that less than all 2012A Bonds of any particular maturity are to be redeemed, the 2012A Bonds of such maturity to be redeemed shall be chosen by lot by the Trustee. Any such redemption will be at a redemption price of 100% of the principal amount of such 2012A Bonds to be redeemed plus accrued but unpaid interest to the date fixed for redemption.

Mandatory Redemption:

The 2012A Bonds maturing on May 15, 2026, May 15, 2029 and May 15, 2032 are subject to mandatory redemption prior to their stated maturity dates, in part, by lot or by any other method deemed fair and appropriate by the Paying Agent upon payment of a redemption price equal to the principal amount thereof, together with accrued interest thereon to the redemption date. The Authority will direct the Trustee to redeem the following principal amount of 2012A Bonds on May 15 of the following years:

The 2012A Bonds Stated to Mature on May 15, 2026				The 2012A Bonds Stated to Mature on May 15, 2029				The 2012A Bonds Stated to Mature on May 15, 2032			
	<u>Year</u>	Princ	ipal Amount	<u>Year</u>	Princ	ipal Amount		<u>Year</u>	Princ	ipal Amount	
	2024	\$	485,000	2027	\$	530,000		2030	\$	590,000	
	2025		500,000	2028		555,000		2031		615,000	
	2026		515,000 *	2029		570,000	*	2032		635,000	*

^{*}At Maturity

The stated interest rates, maturities, and yield on the 2012A Bonds are as follows:

Principal <u>Amount</u>		Interest <u>Rate</u>	<u>Maturity</u>	Yield
1,655,000	Term Bonds Term Bonds Term Bonds	4.000% 4.000% 4.000% 4.000% 3.250% 3.500% 3.625%	5/15/2020 5/15/2021 5/15/2022 5/15/2023 5/15/2024 - 5/15/2026 5/15/2027 - 5/15/2029 5/15/2030 - 5/15/2032	2.55% 2.65% 2.75% 2.80% 3.40% 3.65% 3.81%

\$ 6,755,000

The following table sets forth, for each respective year ending July 31, the amount required to be made available in such year for the payment on principal (including mandatory redemption) and interest on the 2012A Bonds:

Fiscal Year Ending July 31,	Principal <u>Amount</u>	Total <u>Interest</u>
2020	\$ 415,000	\$ 243,776
2021	430,000	227,176
2022	450,000	209,975
2023	465,000	191,975
2024	485,000	173,374
2025 - 2029	2,670,000	616,326
2030 - 2032	1,840,000	 135,030
	\$ 6,755,000	\$ 1,797,632

B. Sewer Revenue Bonds, Series of 2012B

On May 15, 2012 the Authority issued its Sewer Revenue Bonds, Series of 2012B (the 2012B Bonds"), in the principal amount of \$10,345,000. The net proceeds of these bonds were used to advance refund the Authority's Sewer Revenue Bonds, Series of 2008.

The bonds were issued by the Authority on a parity basis pursuant to and secured by a pledge of, lien upon, and security interest created from the Authority, as debtor, under the bond indenture to the bond trustee, as secured party, in and to all receipts and revenues from the sewage disposal system, as such phrase is defined and applied under the bond indenture. In addition, the bonds are secured by moneys held in the funds created under the indenture, including the debt service reserve fund.

The Sources and uses of the funds relating to the issuance of the bonds, exclusive of accrued interest, were as follows:

Source of Funds: Par Amount of Series 2012B Bonds Reoffering Premium	\$	10,345,000 144,298
TOTAL SOURCES OF FUNDS	\$	10,489,298
Uses of Funds: Current Refund Series 2008 Bonds - Deposit to Escrow Fund Series of 2012B Bonds:	\$	10,272,570
Gross Bond Insurance Premium		81,253
Underwriter's Discount Costs of Issuance	_	72,415 63,060
TOTAL USES OF FUNDS	\$_	10,489,298

The bonds were issued as fully registered bonds in denominations of \$5,000 and multiple intervals thereof. The 2012B Bonds were dated May 15, 2012 and accrue interest from that date thereof until maturity or, if redeemable and called for redemption, until the redemption date.

Also noted previously, the Sewer Revenue Bonds, Series of 2012B, with an average interest rate of 3.53%, were issued to advance refund the Authority's Sewer Revenue Bonds, Series of 2008, with an average interest rate of 4.66%. Although no gain or loss resulted from the advance refunding the Authority in effect reduced its aggregate debt service payments by almost \$316,312 over the next 21 years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$306.609.

Redemption Provisions

The 2012B Bonds are subject to optional and mandatory redemption as follows:

Optional Redemption:

The 2012B Bonds maturing on and after May 15, 2021, are subject to redemption prior to maturity at the option of the Authority, in whole or, from time to time, in part and, if in part of such maturity or maturities, as selected by the Authority for redemption, in Authorized Denominations, on May 15, 2020, or on any date thereafter. In the event that less than all 2012B Bonds of any particular maturity are to be redeemed, the 2012B Bonds of such maturity to be redeemed shall be chosen by lot by the Trustee. Any such redemption will be at a redemption price of 100% of the principal amount of such 2012B Bonds to be redeemed plus accrued but unpaid interest to the date fixed for redemption.

Mandatory Redemption:

*At Maturity

The 2012B Bonds maturing on May 15, 2026, May 15, 2029 and May 15, 2033 are subject to mandatory redemption prior to their stated maturity dates, in part, by lot or by any other method deemed fair and appropriate by the Paying Agent upon payment of a redemption price equal to the principal amount thereof, together with accrued interest thereon to the redemption date. The Authority will direct the Trustee to redeem the following principal amount of 2012B Bonds on May 15 of the following years:

The 2012B Bonds Stated to Mature on May 15, 2026							The 2012B Bonds Stated to Mature on May 15, 2033			
Year Principal Amou 2024 \$ 485,0 2025 510,0 2026 525,0	000	<u>Year</u> 2027 2028 2029	Princi \$	pal Amount 540,000 560,000 580,000	*	<u>Year</u> 2030 2031 2032 2033	<u>Princi</u> \$	ipal Amount 600,000 620,000 640,000 670,000	*	

The stated interest rates, maturities, and yield on the 2012B Bonds are as follows:

Principal <u>Amount</u>		Interest <u>Rate</u>	Maturity	Yield
\$ 425,000		4.000%	5/15/2020	2.55%
440,000		4.000%	5/15/2021	2.65%

	\$	7,525,000	\$ 2,179,976		

C. PennVest Loan #27769

The Authority has a promissory note with PennVest in the total principal amount of \$33,600,000, the proceeds of which are being used to partially fund wastewater treatment plant improvements currently being constructed at the plant. Interest only at the rate of 1.274%, was being charged on the outstanding loan balance until May 1, 2012 at which time repayment of principal and interest commenced.

The loan provides for interest at 1.274% for the first five years and 2.547% for the subsequent fifteen years. Accordingly, based on the total principal amount of \$33,600,000 monthly payments are \$158,667 for the first five years and \$172,691 for the subsequent fifteen years.

The following table sets forth, for each respective year of the loan, the estimated amount required to be made available in such year for the payment of principal and interest on the loan:

Fiscal Year Ending July 31,	Maturing <u>Principal</u>	Total <u>Interest</u>			
2020	\$ 1,515,670	\$	556,441		
2021	1,554,728		517,383

2025 - 2029	9,061,583		1,298,971		
2030 - 2032	5,497,692		200,613		
		,			
	\$ 22,538,400	\$	3,881,012		

D. PennVest Loan #58103

Consistent with the Authority's previous collection system acquisition, the Authority assumed the PennVest Loan #58103 in the principal amount of \$543,284. The note provided for interest at 1.27% through July 1, 2014 and 2.54% for the remaining period with monthly payments of \$3,128 through July 1, 2029.

The following table sets forth, for each respective year of the loan, the estimated amount required to be made available in such year for the payment of principal and interest on the loan:

Fiscal Year Ending July 31,		Maturing <u>Principal</u>	Total <u>Interest</u>
2020	\$	32,383	\$ 8,841
2021		33,113	8,011
2022 ·		33,964	7,160
2023		34,837	6,287
2024		35,732	5,392
2024 - 2029	_	192,752	 12,705
	\$	362,781	\$ 48,396

E. Sewer Revenue Bond, Series of 2018

On March 1, 2018 the Authority issued its Sewer Revenue Bond, Series of 2018 (the "2018 Bond"), in the principal amount of \$2,895,000. The net proceeds of this bond was for permanent financing, in part, for certain capital additions more commonly known as the "Incinerator Project".

The sources and users of the funds relative to the issuance of the bond, exclusive of accrued interest, was as follows:

Source of Funds: Par Amount of Series 2018 Bond	\$ 2,895,000
TOTAL SOURCES OF FUNDS	\$ 2,895,000
Uses of Funds: Deposit to Construction Fund Costs of Issuance	\$ 2,832,804 62,196
TOTAL USES OF FUNDS	\$ 2,895,000

The 2018 Bond was dated March 1, 2018 and accrues interest from that date thereof until maturity or, if redeemable and called for redemption, until the redemption date.

Redemption Provisions

The 2018 Bond is subject to optional redemption as follows:

Optional Redemptions:

The 2018 Bond is subject to a one-time redemption prior to maturity, at the option of the Authority, upon payment of that specific principal amount so determined for redemption by the Authority not to exceed \$1,447,500, such principal amount to be redeemed together with accrued interest thereon to the regular payment date determined by the Authority for redemption and without any premium or penalty. After such one-time partial prepayment, the remaining principal balance shall be re-amortized, in order to achieve equal monthly installments, through maturity. Other than the one-time partial redemption, the remaining principal balance shall not be subject to redemption prior to March 1, 2023. On March 1, 2023 or on any scheduled payment date thereafter, the 2018 Bond may be redeemed, in whole, but not in part, upon payment of the outstanding principal amount of this bond together with accrued interest thereon to the regular payment date determined by the Authority for redemption and without any premium or penalty.

Amount

The 2018 Bond bears interest at a fixed rate of 3.73%.

The following table sets forth, for each respective year ending July 31, the amount required to be made available in such year for the repayment of principal and interest on the 2018 Bond.

Fiscal Year Ending July 31,		Principal <u>Amount</u>	Total <u>Interest</u>
2020 2021 2022 2023 2024	\$	47,110 116,092 120,498 125,070 129,815	\$ 107,692 104,252 99,846 95,274 90,529

	\$	2,895,000	\$ 1,226,321

F. PennVest Loan #27906

On May 1, 2018 the Authority issued a promissory note with PennVest in the total principal amount of \$2,425,000, the proceeds of which are being used to partially fund the Authority's incinerator installation, ash handling system, and sludge dewatering projects. Interest only at the rate of 1% is being charged on the outstanding principal balance until at which time repayment of principal and interest will commence. The balance for the loan at July 31, 2019 was \$732,830.

The loan provides for interest at 1.0% for the first five years and 1.0% for the subsequent twenty years. Accordingly, based on the total principal amount of \$2,425,000 monthly payments are \$2,021 for the first five years and \$11,152 for the subsequent fifteen years.

11. OTHER POST EMPLOYMENT BENEFITS (OPEB) OTHER THAN PENSIONS

A. General Information about the Authority's Plan

1. Plan Description

The Authority's Other Post Employment Benefits (OPEB) Other than Pensions offered to employees and retirees is a single-employer defined benefit plan for benefits other than pension which is controlled by the provisions of a collective bargaining agreement between the Authority and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC, on behalf of Local Union 8567-13 for Clerical Employees as well as Maintenance Employees as most recently revised May15, 2017.

2. Employees Covered by the Plan

The following employees and retirees were covered by the plan:

	As of
	7/31/2017
Fully Eligible Active Employees	3
Other Active Employees Not Fully Eligible	30
Retirees and Beneficiaries Currently Receiving Benefits	7
Total	40

3. Plan Provisions

As of July 31, 2017 the OPEB plan provides the following benefits:

- a. Normal Retirement Eligibility Minimum of age 62. A retiree must reach Normal Retirement in order to be eligible for retiree health benefits.
- b. Early Retirement Eligibility Minimum of age 55 with 10 years of services. Individuals that retire early are eligible for life insurance only.
- c. Medical Benefits Medical, prescription drug, and dental coverage same as active until eligible for Medicare. Upon Medicare eligibility, the Authority will reimburse the retiree 100% of the premium for a Medicare Supplement Plan.
- d. Retiree Contribution Prior to Medicare eligibility, the retiree is responsible for paying 50% of the premium. Retiree is not required to contribute toward the cost of a Medicare Supplement plan.
- e. Spousal Coverage For Non-Management retirees, only until the retiree becomes eligible for Medicare, and provided the retiree contributes 50% of the premium for spousal coverage. For Management retirees, Non-Medicare coverage provided the retiree contributes 50% of the premium. Once Medicare eligible, the spouse is covered in full..

- f. Dependent Child Coverage Yes, until the age of 26 or the retiree becomes eligible for Medicare, whichever occurs first.
- g. Survivor Benefits No.
- h. Permanent Disability Retirement Benefits and eligibility requirements are the same as for early and normal retirement.
- i. Life Insurance \$15,000.

4. Contributions

The Authority is not currently making contributions to a qualified trust.

B. Investments

- 1. Investment Policy The Authority does not have a GASB qualified trust, and therefore, there are not investments.
- 2. Rate of Return There are no investments.

C. OPEB Liability

1. Net OPEB Liability

The components of the Net OPEB liability of the Authority at July 31, 2019 and 2018 were as follows:

		<u> 2019</u>		<u>2018</u>
Total OPEB Liability (TOL)	\$	2,949,246	\$	2,699,278
Plan Fiduciary Net Position	-		_	
Net OPEB Liability (NOL)	\$	2.949.246	\$	2,699,278
Plan Fiduciary Net Position as a Percentage				
of the Total OPEB Liability		0.0%		0.0%

2. Actuarial Assumptions

An actuarial valuation of the total OPEB liability is performed biennially. The total OPEB liability was determined as part of an actuarial valuation at July 31, 2017. Updated procedures were used to roll forward to the Authority's fiscal year ending July 31, 2019 and July 31, 2018. This report is based upon the following actuarial assumptions, asset valuation method, and cost method:

a. Actuarial Methods

1. Liabilities- All plan benefits are valued using the entry age normal cost valuation method as a level percent of pay.

b. Actuarial Assumptions

- 1. Economic Assumptions
 - a. Investment Return- There are no invested assets.
 - b. Salary Increases- 4.0% compounded annually.
 - c. Discount Rate- 3.25%.

2. Healthcare Cost Trend Rate

- a. Non Medicare medical and prescription drug costs are assumed to increase by 0% in year 1, 7.75% in year two reduced by 0.25% per year thereafter to an ultimate level of 5% per year.
- b. Medicare supplement costs are assumed to increase by 5% per year.
- c. Dental costs are assumed to increase by 2% per year.

3. Demographic Assumptions

- a. Mortality- RP-2014 Mortality Tables for Males and Females projected back to 2006 and then projected forward using fully generational Scale MP-2017.
- b. Termination- None assumed.
- c. Disability- None assumed.
- d. Retirement is assumed to occur at normal retirement age of 62.
- e. Participation- 100% of eligible retirees are assumed to participate.
- f. Marital Status- 505 of future retirees are assumed to have a spouse participating in coverage. Female spouses are assumed to be 3 years younger than male spouses.
- g. Children- It is assumed that by the age of normal retirement (age 62), there will be no children in coverage.

Long-Term Expected Rate of Return

Since there are no invested assets, there is no long-term expected rate of return.

4. Discount Rate

The discount rate is 3.25% and is based on the S&P 20 year AA municipal bond rate.

5. Net OPEB Liability Sensitivity- Discount Rate

The following is a sensitivity analysis of the net OPEB liability to changes in the discount rate. The table below presents the net OPEB liability calculated using the discount rate of 3.25% as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower (2.25%) or 1 percent higher (4.25%) than the current rate:

	July 3	1, 2018				
				Current		
	1%	Decrease <u>2.25%</u>	Dis	count Rate 3.25%	1% Increase 4.25%	
Net OPEB Liability	\$	3,329,135	\$	2,699,278	\$	2,228,469

6. Net OPEB Liability Sensitivity- Healthcare Trend

The following is a sensitivity analysis of the net OPEB liability to changes in the healthcare trend rate. The table below presents the net OPEB liability calculated using the current trend rate as well as what the net OPEB liability would be if it were calculated using a healthcare trend rate that is 1 percent higher and 1 percent lower than expected:

	July 31,	, 2018				
	1%	Decrease	<u>C</u> u	rrent Trend	1	% Increase
Net OPEB Liability	\$	2,254,165	\$	2,669,278	\$	3,281,810

7. Changes in Net OPEB Liability

The following table shows the changes in net OPEB liability recognized for the years ended July 31, 2019 and 2018:

	Increase/(Decrease)					
	Total OPEB Plan Net OPEB

Balances at July 31, 2018	\$	2,699,278	\$ -	\$	2,699,278

^{*}Payments are actuarially determined expected benefit payments, which may vary from actual benefit payments due to implied subsidy and experience that is different than expected.

D. OPEB Expense

OPEB expense at July 31 is as follows:

	<u> 2019</u>	<u>2018</u>
Service Cost	\$ 205,466	\$ 197,563
Interest on Total OPEB Liability	93,606	85,899
Total OPEB Expense	\$ 299,072	\$ 283,462

This amount has been reported as Other Post-Employment Benefits (OPEB) in the accompanying Schedule of Operating Expenses – Administrative.

12. EMPLOYEES RETIREMENT PLAN

A. General Information about the Pension Plan

1. Plan Description

The Greater Hazleton Joint Sewer Authority Employees' Pension Plan (the "Plan") is a single-employer defined benefit pension plan controlled by the plan document. The Plan is governed by the Authority which may amend plan provisions, and which is responsible for the management of plan assets. The Authority has delegated the authority to manage certain plan assets to Morgan Stanley.

The Authority filed actuarial valuation report Form 203c with the Public Employee Retirement Commission. The report dated January 1, 2019, was the most recent certified by the Authority's chief administrative officer. This report indicated the Authority maintains a pension plan to provide pension or retirement benefits for Non-Uniformed employees.

2. Employees Covered by The Plan

As of January 1, 2019 and 2018, the following employees were covered by the benefit terms:

	Actuarial Valuation Date				
	1/1/19	<u>1/1/18</u>			
Active Employees Retirees and Beneficiaries Currently	31	34			
Receiving Benefits	<u>11</u>	<u>10</u>			
TOTAL	<u>42</u>	<u>44</u>			

3. Benefit Provisions

As of January 1, 2019, the Plan provides for the following retirement and other benefits:

a. Eligibility - All employees who have completed 1,000 hours of service within 12 months and not employed within 5 years of Normal Retirement Date. Effective May 15, 2017, participation in the Plan will be frozen. No new employees will enter the Plan after May 15, 2017.

b. Retirement Dates:

- 1. Normal Retirement Date First day of month following the member's sixty-second (62nd) birthday.
- 2. Early Retirement Date Attainment of member's fifty-fifth (55th) birthday and completion of ten (10) years of credited service.
- 3. Postponed Retirement Date A member may continue to work past his Normal Retirement Date in accordance with the Age Discrimination Act.
- 4. Disability Retirement Date Qualified for Social Security Disability or demonstrates to the Committee that the member has a permanent and total disability.

c. Retirement Benefits:

1. Normal Retirement Benefit - Shall be determined for each year of service in accordance with the following table:

For Participants						
Whose Date of						
Determination	H	lours of Se	rvice	Within Ca	lendar	Year
is On or After	100	00-1399	14	00-1799	1800	or More
-			17.			
5/15/1987	\$	8.00	\$	12.00	\$	15.00
5/15/1993		10.50		16.00		20.00
5/15/1994		11.00		17.00		21.25
5/15/1995		11.50		17.50		21.50
5/15/1996		12.03		18.04		22.55
5/15/1997		12.59		18.88		23.60
5/15/1998		13.15		19.72		24.65
5/15/1999		13.87		20.80		26.00
5/15/2000		14.93		22.40		28.00
5/15/2001		16.53		24.80		31.00
5/15/2002		17.60		26.40		33.00
5/15/2003		18.67		28.00		35.00
5/15/2006		21.33		32.00		40.00
5/15/2011		24.00		36.00		45.00
5/15/2014		26.67		40.00		50.00
5/15/2017		29.33		44.00		55.00

2. Early Retirement Benefit

- a. Early Deferred Benefit Shall be equal to the employee's accrued benefit as of their date of early retirement payable at age 62.
- b. Early Immediate Benefit Shall be equal to the equivalent actuarial value of the employee's early deferred benefit.
- 3. Postponed Retirement Benefit Benefits shall increase in the normal manner as affected by continuing employment beyond age 62.
- 4. Disability Retirement Benefit Shall be equal to the equivalent actuarial value of the employee's accrued benefit as of the date of disability.

d. Vested Benefits:

1. Accrued Benefit - Normal retirement benefit earned to date of termination of employment.

2. Vested Benefit – Determined by multiplying the Accrued Benefit by the applicable percentage, as follows:

Years of Credited Service	Vesting
at Date of Determination	<u>Percent</u>
Less than 5	None
5 but less than 6	50%
6 but less than 7	60%
7 but less than 8	70%
8 but less than 9	80%
9 but less than 10	90%
10 or more	100%

e. Death Benefits:

- 1. Pre-Retirement Equal to the present value of the member's accrued benefit at date of death.
- 2. Post-Retirement None, unless the member chooses a Life with 10 Year Certain or Joint & Survivor Option.
- f. Retirement Benefit Payments:
 - 1. Normal Retirement Benefit Payable in equal monthly installments during the employee's lifetime.
 - 2. Qualified Joint & Survivor Options Equivalent actuarial value of the Normal Retirement Benefit.
 - a. 100% Survivor Spouse receives the same monthly benefit the member was receiving.
 - b. 50% Survivor Spouse receives 50% of the monthly benefit the member was receiving.
 - 3. Ten Years Certain and Life Option The equivalent actuarial value of the Normal Retirement Benefit. Payable in monthly installments during the employee's lifetime. If the employee dies before receiving 120 monthly payments, the balance of the 120 payments will be made to the member's beneficiary(ies).
- g. Plan Anniversary Date January 1
- h. Administrative Committee Committee has general responsibility for the administration and interpretation of the Plan. The Committee shall consist of at least three (3) persons appointed by the Board of Directors and three (3) employee representatives.

i. Investment Committee - Committee reviews the investment performance and methods of the Trustee and any other funding agencies. With approval of the Board of Directors, it may appoint and remove or change the Trustee and any such funding agency. The Committee shall consist of at least three (3) persons appointed by the Board of Directors and three (3) employee representatives.

i. Plan Document:

A.	Effective Date of Plan	5/15/75
B.	Amendment #1	5/15/75
C.	Amendment #2 Rewrite	5/15/78
D.	Amendment #3	5/15/81
E.	Amendment #4	5/15/84
F.	Amendment #5	5/15/93

K.	Amendment #10	8/21/12
L.	Amendment #11	1/30/14
M.	Amendment #12	5/15/17

4. Contributions

Act 205 requires that annual contributions to the plan be based upon the Plan's Minimum Municipal Obligation (MMO), which is based on the Plan's biennial actuarial valuation. In accordance with the Plan's governing document, employees are not required to contribute to the Plan. Any funding requirements established by the MMO must be paid by the Authority in accordance with Act 205.

Investment expenses, including investment manager and custodial services, are funded through investment earnings. Administrative expenses, including actuarial and consultant services, are funded through investment earnings and/or contributions.

B. Summary of Significant Accounting Policies

1. Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

2. Valuation of Investments

The Plan's assets are valued at fair market value.

C. Investments

1. Investment Policy

The Plan's policy in regard to the allocation of invested assets is established and may be amended by the Pension Committee. The investment policy of the Plan is to maximize the total rate of return over the long term, subject to preservation of capital, by diversifying the allocation of capital among various investments in domestic equity securities, international equity securities, domestic fixed income instruments and other asset classes as may be deemed prudent.

The Plan's investment policy establishes that the portfolio may be invested in the following asset classes with the following target asset allocation:

Asset Class	<u>Target</u>	Asset Class	<u>Target</u>
Equities	41%	Governmental Securities	5%
Corporate Fixed	3%	Mutual Funds,	
		ETFs & CEFs	45%
		Cash	6%

2. Rate of Return

For the year ended July 31, 2019, the annual money-weighed rate of return on pension plan investments, net of pension plan investment expense, was 6.51%. The money-weighed rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

D. Deferred Retirement Option Program (DROP)

The Plan does not provide a Deferred Retirement Option Program.

E. Pension Liability

1. Net Pension Liability

The components of the net pension liability of the Authority as of July 31, 2019 were as follows:

Total Pension Liability (TOL)	\$ 3,000,603
Plan Fiduciary Net Position	 2,474,024
Net Pension Liability (NOL)	\$ 526,579
Plan Fiduciary Net Position as a Percentage	
of the Total Pension Liability	82.5%

2. Actuarial Assumptions

An actuarial valuation of the total pension liability is performed biennially. The total pension liability was determined as part of an actuarial valuation at January 1, 2019. Update procedures were used to roll forward to the Plan's fiscal year ending July 31, 2019. This report is based upon the following actuarial assumptions, asset valuation method, and cost method:

a. Actuarial Methods

1. Liabilities- All plan benefits are valued using the entry age normal cost valuation method.

b. Actuarial Assumptions

1. Economic Assumptions

a. Investment Return- 7.5% per annum, net of investment expenses,

2. Demographic Assumptions

- a. Mortality- RP-2000 Mortality Table projected to 2017 using Scale AA.
- b. Termination- None assumed.
- c. Disability- None assumed.
- d. Retirement Age- Normal retirement age or age on valuation date if greater.
- e. Form of Annuity- Straight life.

3. Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation of 2.25%), are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of July 31, 2019 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Asset Class	Long-Term Expected Real Rate of Return
Equities	6.83%	Governmental Securities	2.16%
Corporate Fixed	4.95%	Mutual Funds	
		ETFs & CEFs	6.83%
		Cash	0.75%

4. Discount Rate

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that Authority contributions will be made at the current contribution rate and that Authority contributions will be made at rates equal to the difference between actuarially determined contribution rates and the Authority rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

5. Net Pension Liability Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability calculated using the discount rate of 7.5% as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1 percentage point higher (8.5%) than the current rate:

		1% Decrease 6.50%		Current Discount Rate <u>7.50%</u>		1% Increase 8.50%	
Net Pension Liability	\$	843,727	\$	526,579	\$	255,359	

6. Changes in Net Pension Liability

The following table shows the changes in net pension liability recognized over the measurement period:

		Inc	rea	se/(Decrease)

7. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

The annual pension expense recognized can be calculated two different ways. First it is the change in the amounts reported on the Employer's Statement of Net Position that relate to the plan and are not attributable to employer contributions. That is, it is the change in NPL plus the changes in deferred outflows plus employer contributions, as follows:

			Measurement Year Ended July 31, 2019
Change in Net Pension Liability: July 31, 2019 July 31, 2018	526,579 831,281	\$	(304,702)
Change in Deferred Outflows of Resources: July 31, 2019 July 31, 2018	(144,346) (100,677)		(43,669)
Change in Deferred Inflows of Resources: July 31, 2019 July 31, 2018	131,900 48,006		83,894
Contributions - Authority			473,000
Actuarial Fees		_	6,150
NET PENSION EXPENSE		\$	214,673
			Measurement Year Ended July 31, 2018
Change in Net Pension Liability: July 31, 2019 July 31, 2018	831,281 945,022	\$	(113,741)
Change in Deferred Outflows of Resources: July 31, 2019 July 31, 2018	(100,677) (124,954)		24,277
Change in Deferred Inflows of Resources:			
July 31, 2019 July 31, 2018	48,006 54,901		(6,895)
•	- 1,001		473,000
Contributions - Authority		-	
NET PENSION EXPENSE		\$	376,641

Alternatively, annual pension expense can be calculated by its individual components, as follows:

	July 31, 2019	July 31, 2018
Service Cost	\$ 76,474	\$ 80,111
Interest on Total Pension Liability	220,445	208,185
Changes in Benefit Terms	-	151,206
Differences Between Expected and		
Actual Experience	(18,117)	(6,895)
Changes of Assumptions	6,696	6,696
Projected Earnings on Pension		
Plan Investments	(160,218)	(127,698)
Differences Between Projected and		
Actual Earnings on Investments	56,196	34,885
Administrative Expense	27,047	30,151
Total Pension Plan Expense	208,523	376,641
Actuarial Fees	6,150	,
Total Pension Expense	\$ 214,673	\$ 376,641
Total Pension Expense	\$ 214,673	\$ 376,641

8. Deferred Outflows and Deferred Inflows of Resources

For the year ended July 31, 2019, Greater Hazleton Joint Sewer Authority recognized a pension expense of \$208,523. At July 31, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of Resources	
Differences Between Expected and Actual Experience Changes in Assumptions	\$;; 39,884	\$ (131,900)	
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	104,462	w	
Total	\$ 144,346	\$ (131,900)	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in the pension expense as follows:

Year Ended July 31:

2020	29,373
2021	6,162
2022	13,351
2023	9,892
2024	(11,421)
Thereafter	(34,911)

13. RISK MANAGEMENT

The Authority is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Authority has property, general liability, workers' compensation, and employee health coverage. Claims have not exceeded coverage in any of the past three fiscal years.

14. COMMITMENTS AND CONTINGENCIES

Construction Contracts

The Authority has entered into various substantial construction contracts related to capital projects and major improvements to the Authority's treatment facilities, several of which are incomplete as of July 31, 2019. Complete details concerning the nature and amount of the contracts can be obtained from Authority management.

Union Agreements

The Authority has entered into employment agreements with the unions representing certain groups of its employee workforce. The agreements provide for certain compensation, benefits, and other working conditions, all as more fully detailed in those agreements. It should be noted that these benefits include certain post-employment benefits for retirees as previously noted. Complete details concerning the nature and duration of the contracts can be obtained from Authority management.

State Assisted Grant Program

The Authority is participating in a state assisted grant program. This program is subject to financial and program compliance audits by the grantors or their representatives. The Authority is potentially liable for any expenditures which may be disallowed pursuant to the terms of this grant program. Although the amount, if any, of the expenditures which may be disallowed cannot be determined as of the date of the financial statements, it is the opinion of Authority management that any such amounts would be immaterial and would not have a material adverse effect on the Authority's financial position.

Operating Regulations, Permits and Licenses

Because of the nature of the Authority's operations, it is subject to various federal, state and local regulations, permits, and licenses related to plant operations and discharges from the Authority's treatment facilities. Complete details concerning these regulations, permits, and licenses can be obtained from Authority management.

15. EFFECTS OF NEW PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued the following statements with effective dates subsequent to July 31, 2019. The Authority has not evaluated the effects these statements will have on its financial statements.

Statement	Effective for Reporting Periods Beginning After	Authority's Fiscal Year End Effective Date
No. 91 Conduit Debt Obligations	December 15, 2020	July 31, 2022
No. 90 Majority Equity Interests- an amendment of GASB Statement No. 14 and No. 61	December 15, 2018	July 31, 2020
No. 89 Accounting for Interest Cost Incurred before the End of a Construction Period	December 15, 2019	July 31, 2021
No. 87 Leases	December 15, 2019	July 31, 2021
No. 84 Fiduciary Activities	December 15, 2018	July 31, 2020

16. ADOPTION OF NEW ACCOUNTING STANDARDS

During the fiscal year ended July 31, 2019 the Authority implemented provisions of the following statement issued by the Governmental Accounting Standards Board: GASB No. 83 Certain Asset Retirement Obligations and GASB No. 88 Certain Disclosures Related to Debt, including Direct Borrowings and Direct Payments. The implementation of these statements had no effect on the Authority's financial statements.
